

1. CPC members present: Lanell Lua, Kathy Hollingsworth, and Brian Ogawa
Community members present: Crystal Schiszler and Eric Guttorman
2. Committee discussion on forming a non-profit and Cultural Ethnographers proposed survey of the previously recorded archaeological site.
The committee discussed forming a non-profit to help preserve the previously recorded archaeological site and receive grants and funding for a current archaeological survey.
The committee agreed to follow up with forming a non-profit at future CPC meetings.
A community member proposed planning a site visit to the previously recorded archaeological site for the cultural ethnographers requested site survey.
Brian Ogawa reported that the office staff had notified him that anyone entering the site would be considered a trespasser and that this was a concern about the proposed site survey.
A community member stated that the site was previously accessible to members and their families and was voted in the 1995 Master Plan to be an ethnobotanical garden with a proposed walking trail.
Brian Ogawa expressed continued concerns about the committee's site visit without approval by the office staff.
A community member endorsed that a formal written proposal for the cultural ethnographers' site survey could be submitted to the board via email for approval.
The committee members present unanimously agreed to submit the written proposal for the site survey to the board.
Brian Ogawa requested an earlier meeting for the CPC to be held prior to the next board meeting to complete the proposal.
The committee members present unanimously agreed to schedule the next CPC meeting for 8/13/22 at 10:00am-12:00pm to complete the site survey proposal and receive approval from the committee to submit to the board.
3. Announcements:
Next scheduled CPC Meetings scheduled for Saturday 8/13/22 at 10:00am-12:00pm. The committee will complete the cultural ethnographers site survey proposal to submit to the board via email for approval prior to the next scheduled board meeting 8/17/22 at 6:00pm.
